22nd Meeting of Archeologie & Gobelets - CALL FOR PAPERS

The Laboratory of prehistoric archaeology and anthropology at the University of Geneva is happy to announce the next “Archéologie et Gobelets” conference in Geneva, Switzerland. This meeting will take place on Thursday and Friday (January 21st and 22nd), followed by an excursion on Saturday to Bell Beaker sites in Valais, Switzerland.

With this year’s theme, “The Bell Beaker Culture in All its Forms”, our goal is to bring together the various fields working to better our understanding of the Bell Beaker Culture. We therefore invite all researchers to present their recent or ongoing work. We hope to stimulate discussions in all aspects of archaeology, anthropology, paleoenvironmental research, etc. The scientific and organizing committee is also eager to promote the work of junior researchers. All ideas are welcome!

The abstract submission deadline is the **25th of May 2020**. Abstracts should be in English and limited to a maximum of 500 words. Please also include 5 keywords, all authors, and their respective addresses/affiliations. Please submit your abstract to:

The final program will be announced by the end of July 2020.

Registration fees:
